Where the journey meets the story

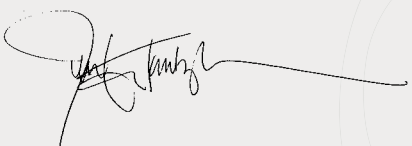

As America prepares to mark 250 years, North America invites you in – with landscapes that inspire, voices that echo across generations, and stories that continue to unfold. It's a moment that invites reflection on the places we've explored, the people we've met, and the journeys that have shaped how we see this vast and varied continent.

For 100 years, we've guided guests along the back roads and byways of North America – from the windswept coasts of Nova Scotia to the wide-open spaces of the American West, from national parks to small towns where daily life tells the stories of generations. In 2026, we're excited to continue that tradition with new journeys through the American West, Alaska, and the Canadian Maritimes – designed with the insight and care we've honed over a century of exploring this continent, and shaped by the landscapes, people, and spirit that make each place unforgettable.

In 2026, our longtime collaboration with Ken Burns continues to deepen the ways we explore and understand America. His storytelling brings deeper meaning to the places we visit, adding layers of context that stay with you – and truly comes alive on our new *Celebrating America's 250th - An Event Featuring Ken Burns* (p. 80).

We hope you'll join us in 2026 – to rediscover familiar places, explore new ones, and share in the stories of a continent rich in natural beauty and enduring traditions.

Supporting a thriving world

As we reflect on another incredible year of exploring our world together, we are proud to share the progress of our ongoing commitment to travel with purpose. At Tauck, our ethos has always been rooted in preserving the beauty and integrity of the destinations we visit, ensuring they thrive for generations to come.

Our focus: People, Places, and Planet

People: Meaningful connections with the communities we visit remain central to our journeys. This year, we supported local livelihoods on every continent through grant projects, cultural preservation initiatives, and volunteer efforts. For over a decade, we've partnered with **Save the Rain** in Tanzania to fund community rainwater harvest systems, providing locals access to clean water, which supports healthy communities and families, allowing adults to work and children to attend school.

Places: Preservation has been a cornerstone of Tauck for over a century. Our continued support of America's National Parks, through grants and employee volunteerism, reflects our enduring dedication to these national treasures. At **Minute Man National Historical Park**, we provided a grant to help efforts focused on the restoration and preservation ahead of the 250th anniversary of the Battle of *Lexington and Concord*. As part of this initiative, more than 100 Tauck employees and their family members volunteered at our annual Family Service Day in 2025.

Planet: By traveling responsibly and in partnership with our global suppliers, we continually search for – and identify – opportunities to reduce our environmental impact worldwide, such as our partnership in Ecuador with **Galápagos Conservancy**. Tauck is the first company to underwrite a research-and-rewilding expedition to help restore the archipelago's native tortoises.

A vision for the future

Our impact vision is paving the way for Tauck to deepen our commitment to responsible travel. By listening to the voices of the communities we visit, implementing sustainable practices, and continuing to assess and adapt, we aim to minimize our impact on the planet while maximizing the positive contributions we make.

Together, we make a difference

Every journey we take together contributes to this mission. Whether it's a moment of connection with a local community, an opportunity to volunteer with one of our non-profit partners while on tour, or simply choosing to explore consciously, you are part of this journey toward a more sustainable future.

We are deeply grateful for your continued trust and partnership in this mission. Together, we can ensure that the wonders of our world remain vibrant and accessible for generations to come.

DAY 2

Mt. Rushmore and Crazy Horse Monuments

On a privately guided Buffalo Safari aboard a touring Jeep, discover Custer State Park, home to a herd of some 1,500 bison. Then, a scenic drive takes you through the Black Hills, where rock formations with granite spires called "needles" cut a jagged skyline, to see the larger-than-life sculptures carved in the Black Hills. Your first visit is to the Crazy Horse Memorial. In 1948, an Oglala Lakota elder, inspired by nearby Mount Rushmore, commissioned Korczak Ziolkowski to carve a memorial to the warrior Crazy Horse on the face of Thunderhead Mountain. The gigantic memorial, expected to dwarf Mount Rushmore one day, is still a work in progress, but you'll see the sculptor's dramatic model of Crazy Horse astride his war horse, and visit the museum and cultural center dedicated to American Indian heritage and traditions. Then it's on to Mount Rushmore; no matter how often you may have seen it in photos, the towering relief of Washington, Jefferson, Lincoln, and Theodore Roosevelt on the face of the mountain is amazing in person. **Meals BL**

DAY 3

A day at a Wyoming ranch

Travel to TA Guest Ranch in Buffalo, Wyoming, where you'll gain insights into life on the great open plains. The ranch is steeped in cowboy history and lore; it was once the site of a climactic battle in the Johnson County War of 1892, which pitted rival ranchers and their hired hands against each other for control of the range – a dispute so violent that it eventually required intervention by the U.S. Cavalry. Get an authentic taste of cowboy life with an opportunity to saddle up for a guided horseback trail ride*, head out on a historic walking tour of the ranch, or meet a horse whisperer; you can also try your hand at pitching horseshoes if you wish. DAY 2

Hot springs & Mammoth Hot Springs

Wake up in Bozeman, a snowy paradise for skiers and winter-lovers alike. Journey toward Mammoth Hot Springs and Yellowstone National Park, stopping for a presentation by a local expert on the Yellowstone Wolf Project before lunch. You'll learn how wolves were eradicated from the park in the 1920s in an effort to tame the wilderness — an absence that profoundly disrupted Yellowstone's ecosystem, altering its structure and balance. In the 1990s, the Wolf Project reintroduced wolves from Canada to the Lamar Valley, restoring an essential predator and helping revive the park's ecological health. The story of Yellowstone's wolves is one of resilience, and their presence still shapes the landscape today. Upon arriving in Wyoming this afternoon, explore an enormous complex of terraced hot springs and visit the Albright Visitor Center. This evening, enjoy a presentation by noted naturalist and wildlife photographer MacNeil Lyons on some of the iconic species that inhabit this region — including bears, wolves, and bison. **Meals BLD**

DAY 3

A day of exploration in Lamar Valley

There's a 40-mile-long river that's bookended by mountains on the northeast side of Yellowstone National Park. The Lamar Valley, as it's known, is nothing short of magical — rich with abundant wildlife and home to packs of wolves, bison, and elk year-round. Today is all about looking out for wildlife, trekking across the quiet Blacktail Plateau to reach the Lamar Valley with Yellowstone Forever guides who know this park better than anyone. As temperatures dip below 40 degrees, hidden fissures and hot springs release great clouds of steam that waltz across the white landscape… and maybe reveal the distant contrast of a wolf's fur. After exploring Lamar Valley, return by coach through the Blacktail Plateau. Dinner is at your leisure this evening. **Meals BD**

DAY 4

A Yellowstone wonderland…

Old Faithful Snow Lodge, your home for the next two nights, is a cozy retreat with fireplaces and puzzles begging for attention, nestled in the Upper Geyser Basin… and is only accessible by snow coach — specially designed to travel over snow-covered trails. This morning, start your journey

In winter's quiet, Yellowstone's wildlife stands out in stark relief — bison, elk, and wolves are easy to spot against the snow.

Experience a winter wonderland unlike any other:

Snowbound adventures

Embrace the ancient tradition of snowshoeing as you trek through snow-covered forests and along frozen rivers in Yellowstone. In Jackson Hole, ride beneath wide-open skies on a horse-drawn sleigh, where elk and other wildlife roam close beside you. Out here, you're never truly alone – but in the stillness, you may discover a rare kind of peace in the hush of the snow.

Wildlife spotting

Yellowstone's wildlife is most visible in winter, when snow reveals every track and movement. Bison, elk, and foxes roam freely – but it's the wolves that leave the strongest impression. Reintroduced in 1995, they now thrive in the Lamar Valley. Their howls carry across the frozen landscape, a powerful reminder of the wild that still endures.

through trees draped in hoar frost and plains blanketed in white, passing geysers, fumaroles, mud pots, and boiling springs, whose steam rises starkly in the stillness of winter. Along the way, you might see herds of bison and elk prancing through the snow. You'll also encounter the soul of the park: the Grand Canyon of the Yellowstone, a fantastical gorge blown open by ancient volcanic eruption, later carved by glaciers and the river itself – nearly a mile wide and plunging 1,200 feet, with two thundering waterfalls framed by crystalline forests. Upon arriving at the lodge this afternoon, step outside onto the boardwalk to witness one of nature's most reliable marvels: the legendary Old Faithful Geyser, known for its near-predictable eruptions, launching scalding water up to 180 feet into the freezing sky. Enjoy dinner at your leisure at the lodge tonight. **Meals BLD**

DAY 5

Thermal wonders & snowshoeing

Set out to see more of Yellowstone's magical winter wonderland from your lodge today via snow coach, traveling across remote trails and snowy landscapes. The famous "paint pots" – hydrothermal mud pots where acidic hot water and steam break down rock into clay – and the Madison River, where wildlife like to congregate, are among your morning stops. Return to the Old Faithful Snow Lodge for lunch before a change of pace this afternoon. Grab your poles and strap your feet into snowshoes for a trek through the Upper Geyser Basin with a local guide, visiting quieter corners and crossing the Firehole River into an old-growth forest, where towering trees hold the whispers of this park. Back at your lodge, your evening is yours to explore this living snow globe as you please – whether admiring the nearby Grand Geyser, setting out on nearby trails, warming up by a fireplace, or renting cross-country skis to explore more of the area. Tonight, dinner is at your hotel. **Meals BD**

DAY 6

The Tetons & the National Elk Refuge

Back aboard your snowcoach, travel to the park's southerly gate via Kepler Falls and the West Thumb Geyser Basin. In Flagg Ranch, once an army station when the military maintained the park, leave your snow vehicle behind for a motorcoach as you continue to the quintessential Western town of Jackson, Wyoming. You'll drive through Grand Teton National Park, stopping for photos along its snow-covered peaks. Following lunch, a horse-drawn sleigh takes you into the heart of the National Elk Refuge, where thousands of elk migrate every winter. Step into a winter scene as your sled

Historic Jackson at your leisure

The day is entirely free to do as you please in the beautiful town of Jackson. Have lunch as you please, and don't miss the famous elk antler arches of the town square. Tonight's special farewell reception and dinner takes place at the National Museum of Wildlife Art, whose galleries house a stunning collection of paintings, drawings, and sculptures celebrating Western wildlife. This evening promises an immersive experience, blending the cultural and natural heritage of the West. **Meals BD**

DAY 1

Arrive Durango

Tour begins: 5:00 PM, DoubleTree by Hilton Hotel Durango.
A transfer is included from Durango-La Plata County Airport to DoubleTree Hotel Durango. Meet your fellow travelers at a welcome reception and dinner at your hotel, located on the banks of the Animas River. **Meals D**

DAY 2

Silverton & the Narrow Gauge Railroad

Your first day places you in the soul of a world defined by cattle drives and gold rushes. A scenic morning drive, narrated by a local guide, takes you down Highway 550, famously known as the "Million Dollar Highway," traveling through the San Juan Mountains to reach the mining town of Silverton, a town seemingly frozen in time, with Victorian saloons and parlors intact. Later, board the historic Durango & Silverton Narrow Gauge Railroad, a storied line that once fueled Colorado's mining boom. As the train pulls away from Silverton, settle into the classic parlor car and be transported to the golden age of rail travel – winding through the San Juan Mountains, past steep cliff edges, pine-covered slopes, and the whitewater rapids of the Animas River below. With every turn, the landscape tells a story – of prospectors and pioneers, of remote wilderness and the enduring romance of the rails. Back in Durango, enjoy an evening at your leisure in its nationally registered historic downtown. **Meals BL**

DAY 3

Horseback riding & the hot springs

Saddle up for a trail ride* through cowboy country at a ranch just outside of Durango and immerse yourself in the landscapes that define the "American West" as it was portrayed in 20th-century mass media. Break for lunch on your own before an optional afternoon visit to The Durango Hot Springs. Long used by Native Americans, pioneers, and Hollywood stars, you can soak in the 26 natural mineral pools and 8 private Japanese-inspired cedar tubs, all nestled among the mountains; they are the only natural hot springs in the world to infuse nanometer and micrometer oxygen bubbles. After a day close to nature, enjoy your final evening in Durango with dinner at a local restaurant. **Meals BD**

DAY 4

Durango to Mesa Verde

Enjoy a morning in Durango as you wish — perhaps relaxing at your hotel or joining your Tauck Director for a hike. This afternoon, travel by motorcoach to Mesa Verde National Park, the first national park dedicated to the works of man rather than the forces of nature. A local expert shares more insight during a private presentation. This evening, settle into the only lodge within the park and take in the brilliance of the stars in this International Dark Sky Park. **Meals BD**

Step back in time aboard the Durango & Silverton Narrow Gauge Railroad – a National Historic Landmark that once carried miners and pioneers through the canyons of the San Juan Mountains.

A jeep tour of Monument Valley

Take in the sandstone buttes of Monument Valley on a jeep tour led by a Navajo guide, exploring sacred land where centuries of tradition echo through the landscape.

Discovery in Moab

Discover the adventure hub of Utah, where you'll explore Arches and Canyonlands National Parks, raft the Colorado River, or dive into history at the Moab Museum.

DAY 5

Private tour of ancient cliff dwellings

Set out on a private tour of Mesa Verde National Park, an inspiring UNESCO World Heritage Site home to more than 600 cliff dwellings built by the Ancestral Puebloans beginning around 550 AD and inhabited until the 13th century. As one of the country's first national parks, Mesa Verde offers a glimpse into an ancient world where sophisticated cultures thrived. Your expert guide will illuminate the history and cultural significance of these remarkable structures, including Cliff Palace – one of the park's most iconic and carefully preserved sites with limited public access – but explored today on a tour arranged exclusively for Tauck guests. Once home to over 100 people, Cliff Palace showcases the ingenuity of its builders, who adapted to their environment using advanced farming techniques, intricate pottery, and innovative stonework to carve their homes into the canyon walls. Later today, journey toward Monument Valley, where a steak dinner fit for a cowboy awaits. Afterward, enjoy an evening of Navajo storytelling and song before spending the night at the historic Goulding's Lodge – set within Monument Valley and formerly a trading post turned film location. **Meals BLD**

DAY 6

Monument Valley by Jeep & on to Moab

You'll recognize Monument Valley immediately when you see its iconic red sandstone buttes, mesas, and towering spires – one of the most photographed places on Earth and a famous backdrop in films like *Stagecoach* and *Easy Rider*. Carved over millions of years by erosion, this tribal land is sacred to the Navajo people who have lived in the area for centuries and who continue to inhabit and manage the land they call *Tsé Bii' Ndzisgaii*, or "valley of the rocks." A guided Jeep tour*, led by a Navajo guide, takes you around the red sand dunes, making stops at famous landmarks. Or, you may choose to spend a morning by the pool at your lodge or perhaps a visit to the museum and trading post. Later today, travel toward Moab – the "adventure capital of Utah," and the gateway to the striking red rock formations of the region. **Meals BLD**

DAY 7

Utah's Arches & Canyonlands National Parks

The Colorado Plateau has drastically shaped Utah's landscapes, creating the deep canyons, mesas, and striking buttes that define its Mighty 5 national parks. Today, you'll have the chance to visit two of them. On a coach tour to Arches National Park, you'll lose track trying to count the 2,000 documented arches within the park. A symbol of Utah, the freestanding Delicate Arch is one of the most well-known and largest in the park, standing over 46 feet high and 32 feet wide. The awe of Utah's natural wonders continues this afternoon with a visit to Canyonlands National Park,

Meet the Navajo people through guided experiences and cultural performances that offer insight into their deep connection to the land and their enduring traditions.

carved by the currents and tributaries of the Colorado and Green Rivers. Its endless deep canyons weave into mazes, alleys, and pillars, stretching the equivalent of about 250,000 football fields – today you'll explore the northern section with your Tauck Director. Tonight, dinner is at your leisure with many restaurants a short walk from your hotel. **Meals BL**

DAY 8

Explore Moab by river or museum

Today, you have a choice of activities. One option takes you on a thrilling rafting* adventure down the Colorado River, followed by a barbecue lunch to wrap up an exciting morning; the other is a visit to the Moab Museum, a space dedicated to showcasing the rich stories of Moab and the greater Canyonlands area, with exhibits on the First Nations, local flora and fauna, and dinosaur history, followed by an included lunch of your choosing. Tonight, join us for a farewell dinner, reflecting on the natural wonders and cultural treasures of an exciting week. **Meals BLD**

Arches National Park

Declared a national monument in 1929, it took Arches National Park over 40 years to achieve national park status. You won't believe your eyes as you travel through the park this morning on a guided tour – there are more than 2,000 natural sandstone arches making it the world's largest concentration. You'll find several varieties of arches as well as pinnacles that absolutely soar skyward, tafoni, and wildlife that has acclimated to the desert landscape. You're sure to recognize Balanced Rock along with a variety of other sensational geological formations during guided sightseeing before visiting Moab for lunch. Enjoy an afternoon at leisure at your Colorado River lodge, where activities such as horseback riding can be arranged individually (additional cost). Map Detail

Spirit of the Desert was our first "Crafted by Tauck and Ken Burns" journey; six national parks include:

Canyonlands National Park

The National Parks: America's Best Idea film editor Paul Barnes said, "Canyonlands is spectacularly beautiful, peaceful, and mysterious…"

Arches National Park

Delicate Arch, a natural wonder, stands as an iconic symbol of Utah's rugged beauty – enhanced by its stunning desert backdrop.

Capitol Reef National Park

Private flightseeing over Capitol Reef National Park opens up vistas that elude the everyday traveler.

Waterpocket Fold – sort of a "warp" in the Earth's crust that runs nearly 100 miles – and see Strike Valley, the spectacular sandstone Capitol Domes that give the park its name, colorful cliffs, soaring spires, and odd monoliths. Arrive at Bryce Canyon National Park, home to some of Earth's more whimsical geologic formations. **Meals BLD**

DAY 5

Bryce Canyon National Park

If you rise early, you can take advantage of an opportunity to hike along the rim of Bryce Canyon to catch the amazing colors illuminated by the first rays of light on the hoodoos below. Spend the rest of the morning as you please in the park, perhaps hiking the Rim Trail to see the Main Amphitheater from above. In the afternoon, depart for Zion National Park, a nature sanctuary that is known for its serenity. Upon arrival, join a park naturalist aboard a private open-aired tram to see some of Zion's sights and learn about the park's complicated creation and unique geologic history such as Temple of Sinawava and the Great White Throne. Return to your lodge for the evening. **Meals BLD**

DAY 6

Zion National Park – canyons & wilderness

Zion's most striking images are unique sandstone cliffs that range from towering monoliths to narrow canyons, changing in color from light cream to pink to red. Today, you are free to do as you wish; walk the trails to the Emerald Pools and the Court of the Patriarchs, perhaps hike or pursue other activities that interest you – there are a lot of possibilities within Zion including the Virgin River, which is a tributary of the Colorado River that earned the designation "wild and scenic." And the night sky is most memorable. **Meals BD**

DAY 7

North Rim, the Grand Canyon

Begin with a guided tour of Pipe Spring National Monument, where you'll learn about the region's significance to the Kaibab Band of Paiute Indians and early Mormon settlers. Drive to the Grand Canyon's North Rim, a place more intimate and less crowded than the South Rim; only 10% of the park's total annual visitors make their way there. A film vignette by Dayton Duncan tells how Grand Canyon National Park exemplified the struggles that often occurred when creating a new national park. Following lunch, explore the North Rim, including vistas from Point Imperial. Spend the next two nights at Grand Canyon Lodge – North Rim. **Meals BLD**

DAY 8

Grand Canyon National Park

You'll take in more of the Grand Canyon's North Rim this morning via a "Sprinter" van, which provides access to places such as the 270° panoramic viewpoint of Cape Royal.

Carved by time and revered for its quiet majesty, Zion was the first of Utah's national parks – a place early pioneers called "sanctuary." Today, you'll experience its grandeur firsthand, exploring dramatic canyons and soaring cliffs however you choose.

The rest of the day is free to explore as you please; available activities (some at additional expense) include ranger talks and the famed mule rides. Or, perhaps you'll just enjoy the Adirondack chairs on the porch of the lodge – and gaze at one of the most iconic views. **Meals BD**

DAY 9

"For the benefit of the people..."

If you wish, you might want to take in the sunrise this morning from the North Rim; it's often spectacular. In the final vignette, Ken Burns reflects on the personal memories that define our experiences in the parks – not just the views, but the people we shared them with. Dayton Duncan's vignette explains how the parks belong to all of us, and the ongoing need to protect them for future generations. A private flightseeing journey, from Kanab over the western regions of the Grand Canyon to Las Vegas, is a fitting farewell to the Southwest. Join us for farewell drinks and dinner. **Meals BLD**

These towering ancient trees, some 20 stories high, are among the last remnants of a fog-shrouded primeval forest that once blanketed the northern coast. A self-guided tour along its winding walkways takes you through a shaded, misty world of slanted cathedral light, dense flora, and tranquil running streams – a place to feel the power (and silence) of some of the tallest living things on our planet. DAY 3

The Central Valley to Sequoia National Park

Before the National Park Service, it was the U.S. Army who protected the early national parks. At Sequoia and Yosemite, those stewards were the Buffalo Soldiers – Black cavalrymen who rode out each spring from the Presidio, crossing 300 miles on horseback to the Sierra. Today, you'll follow part of that path to the Central Valley, the agricultural heart of the state. Stop in Fresno for lunch before beginning your 7,000-foot climb by motorcoach into Sequoia National Park, a land where giants reign. This afternoon, an expert from the Sequoia Field Institute describes how John Muir found and documented the "Giant Forest" in 1875, a perfect introduction to the park. Your home tonight is Wuksachi Lodge, nestled deep within the park. As night falls, join a naturalist beneath some of the darkest skies in California to trace constellations shimmering overhead. **Meals BLD**

DAY 4

Land of giants and Moro Rock in Sequoia

Muir once called the giant sequoia "the greatest of all living things," a fitting tribute to trees that seem to defy time itself. Today you'll feel their enduring power during a guided walk through the Giant Forest Grove, home to the General Sherman Tree – believed to be over 2,500 years old and still growing. If you're up for the challenge, join your guide for a climb up the 350 concrete steps of Moro Rock, where

Named for the naturalist who helped protect them, the redwoods of Muir Woods stand just beyond San Francisco – ancient and timeless.

General Information

Expectations Versus Reality

As a family of travelers, we've learned that every journey starts with a preconceived image of what to expect. Inevitably, this image changes as we experience the real thing. If the actual experience exceeds our expectations, we feel joy. If it falls short, we feel disappointment. For example, hotel accommodations vary significantly around the world in terms of room size, location and service levels. And no matter how hard we try to meet the highest standards, we will all have a favorite and least favorite experience on any trip.

Behind every tour or cruise, there are literally hundreds of people we depend upon to help deliver on your expectations. Should one or two of them fall short, or there is an unexpected change to the itinerary, we hope you will not allow an isolated situation to upset your vacation.

So much of the joy of travel is to experience the unexpected. We hope you share that philosophy.

–The Tauck Family

This brochure is designed to provide you with an honest description of what to expect on your tour or cruise. The Introduction Pages and the General Information (on these pages) are very important for you to understand. This information, in addition to other documents we will provide when you book with us, including our *Travel Terms and Conditions* and *Journey Confirmation*, form the basis of our agreement with you. These documents include important legal obligations and should be read with care.

Prices include: all accommodations (see below); airport transfers and land transportation as detailed in the tour itinerary; basic internet where available in hotel rooms and aboard ships (service levels not guaranteed); entertainment and special dinners as arranged by Tauck; shore excursions and sightseeing; standard luggage handling; services of ship crew and local guides. Meals are included as specified. All appropriate gratuities for luggage handling, bellmen, doormen, dining room servers and local guides are included. On-tour airfare is included in the tour cost when flights are part of the trip, as indicated on the tour itinerary. Tauck Director and driver gratuities are only included for cruises and Tauck Bridges family trips.

Hotel & Ship Accommodations: Tauck's per person price is based on double occupancy. Hotel rooms with two beds are usually reserved for doubles. The price for rooms / cabins occupied by one person is higher than those when two or more people share the cost of a room. Triples usually have two beds (not recommended for comfort). Aboard ships, triples may not be available or may include a sofa or upper berth.

Luggage Handling & Restrictions: Normal luggage handling is included in the tour cost. Due to space restrictions on on-tour-transportation, we ask that you please limit your checked luggage to one suitcase per person weighing no more than 50 lbs. Allowances and restrictions for checked and carry-on luggage vary across airlines, so we urge you to verify your airline's current number of items, size and weight limits to avoid overage fees, which can be expensive. Tauck cannot be held liable for additional fees or inconveniences imposed by your airline.

Not Included in Price

The tour price does not include your airfare and related taxes to the tour departure point and from the tour ending point. As a service, Tauck will make hotel reservations before or after your trip on a space available basis upon request. These hotel charges will be added to your tour cost. Personal expenses such as phone calls, room service, alcoholic and bar beverages, laundry, airline excess luggage charges (as noted above) and other optional incidental extras are not included. Tauck Director and driver gratuities are not included, with exception of Tauck Bridges family trips and cruises.

Luggage Responsibility

Although every effort is made to handle guests' luggage carefully, we cannot be responsible for loss or damaged luggage and personal effects due to breakage, theft, or fair wear and tear through hotel, airline and ground transportation handling. It is important to have adequate insurance to cover these eventualities. See Tauck's "Guest or Cruise Protection."
